ANACONDA, MONTANA, SATURDAY MORNING, AUGUST 13, 1892.

PRICE, FIVE CENTS.

SONS OF ST. GEORGE

They Will Picnic Next Saturday at the Future Capital.

SILVER BOW COUNTY'S Four Lodges of the Sons of St. George will give their grand annual picnic next Saturday at Bozeman. They chose Bozeman on the recommendation of a sub-committee appointed to visit that city and ascertain whether or not suitable grounds and accommodations could be secured there. The members of the committee were highly pleased with the facilities offered at Bozeman for picnic parties, and were very enthusiastic over the reception and attention accorded them by the citizens of the town.

Since their return all arrangements have been completed, and the picnic next Saturday, the 13th, promises to be the greatest outing event of the season, both as to the number participating and the enjoyment to be derived. It is estimated that over 4,000 people will take advantage of the opportunity to ride over the most picturesque line of railway in Montana, and to make a personal acquaintance with the beauties of the most delightful residence city in the mountain states.

At the Bozeman end of the line no pains will be spared to make the visitors feel at home and to give them a day of unalloyed pleasure. To lend interest to the occasion, the citizens will put up eight or more town lots to be raffled off at 50 cents a chance. Liberal purses will be hung up for rock drilling contests, the purses aggregating \$500. The Sons of St. George will manage the contests, as, in fact, they will everything else, the citizens of Bozeman merely advancing the funds and preparing the grounds, pavilion, etcetera, for the accommodation of the visitors. Athletic games and sports of every description will be features of the day, and a large dancing pavilion will be provided for those who wish to indulge in that delightful exercise. The Alice band will furnish the music for the occasion, and the famous Centerville Glee club will entertain the crowd with selections of vocal music.

The Northern Pacific company has fixed the fare at \$2 for the round trip, tickets good to return on regular trains until Sunday evening. The specials will leave Butte at 7 a. m., 7:45 a. m. and 8:30 a. m., and will run through to Bozeman with as little delay as possible. Returning they will leave Bozeman at 8, 9 and 10:30 p. m.

While the excursion is gotten up for pleasure, many people will no doubt take advantage of the cheap rates and go to Bozeman on business. But it matters not for what purpose they go, they cannot fail to be impressed with the wonderful beauty of the city and the many evidences of prosperity and progress visible on every hand. They will find a city of beautiful homes, inhabited by contented and happy people. They will fall in love with the place at once, and many of them will feel a desire to purchase a home and remain there the rest of their days. Then, when they make their wishes known, they will be offered so many desirable bargains that they will be at a loss to know which to choose. But if they will permit us to give them a bit of advice they will know just where to go and will lose no time in an aimless ramble about the city.

The West Side Addition lies just west of the city park, and it embraces the best residence lots in Bozeman. It can be reached by the street cars, which run within two blocks of it. An inspection will convince anyone of the beauty of location and the excellence of the soil in this addition, and a glance at the new buildings recently finished, and those in course of construction, will show that the town is rapidly building that way. There is always a reason why towns build in one direction more than another, and the reason that Bozeman is building westward is because the ground on the west side is better adapted for residence purposes than that on the east. It lies higher, has better facilities for drainage, and presents greater opportunities for picturesque adornment. The better class of residences are all found here, and that in itself is a great recommendation, as all are desirous of getting into as good a neighborhood as possible.

The West Side Addition is desirably located, whether considered from a business or social standpoint. It is but six blocks from the new high school building, seven blocks from the court house, four blocks from Nelson Story's elegant residence, three blocks from the city park, and two blocks from the electric street railway, which conveys passengers to every part of the city. The lots here are offered at reasonable prices and on easy terms.

For particulars enquire of
IKE N. SMITH,
Who will be at Bozeman with the excursion, or address him at Room 4 Owsley Block, Butte.

WHAT HAPPENED ON JULY 12

Testimony of the Prosecution Regarding the Loading of the Bunker Hill and Sullivan With Dynamite.

Special Dispatch to the Standard.

Boise, Aug. 12.—In the federal court today the *Coeur d'Alene* defendants had a hearing as to the capture of the Bunker Hill and Sullivan at Wardner and the loading up of the mill with dynamite on that occasion by union miners. Thomas O'Brien, Thomas Shain, David Cosgriff, E. M. Boyce, Quinn Sullivan and P. J. Deane were in court, charged with contempt in violating the order of the court in the matters connected with the Bunker Hill and Sullivan mine.

Frank Jenkins, superintendent of the Bunker Hill works, testified that he was at Wardner on the morning of July 12. Thomas Doyle and Robert Shain came to the mine and notified him that union men were in possession of the Bunker Hill concentrator and he was the bearer of a message from O'Brien demanding the discharge of all non-union men. Two hours' time was given in which to make a reply. Doyle said the concentrator would be blown up unless they were discharged. A committee of the miners' union consisting of Thomas O'Brien, E. Boyce, Thomas Henry and Mr. Glover met Mr. Clement, G. B. McAuley, F. R. Moore and Charles Sweeney. O'Brien and his followers were armed. They demanded that all non-union men be sent away and that in the future none but union men be employed. O'Brien being asked what the result would be in case their demand was not complied with, said: "It is hard to tell what excited people may do." Clement's request that the union men be withdrawn from the concentrator was refused. Glover said the non-union men must leave Wardner within 48 hours. After that no further protection would be guaranteed them. Messengers came next day from the miners' union to see whether non-union men were being paid off. They said the union men were not to be fooled with.

Douglas Cameron, watchman at the Bunker Hill mill, said that about 2 o'clock of the 12th, some armed men called to him from the mill: "Come in here, you old ———, or we will blow your head off." Deane was captain of this band. They shut down the mill and drove them to Wardner Junction. The road was lined with armed union men, carrying giant powder into the concentrator.

Robert Shain, foreman of the mills, swore he saw armed men walking about the concentrator. He said the union men placed 4,000 pounds of explosives within the mill and had it all ready for blowing up.

V. M. Clement, general manager of the Bunker Hill works, said that Doyle gave him to understand that unless he discharged his men and sent them out of the country, his mill, then loaded with dynamite, would be blown up. He yielded to save the property of the company. O'Brien had hurried witness and he had to send some of his men off without paying them. The union men told the witness that if the troops came before the non-union men left, the mill would be blown up. The witness did all he could to delay the troops in order to save life and property.

Charles Sweeney, one of the owners of the Bunker Hill and Sullivan, said O'Brien had ordered the powder taken out that had been in the mill and that all the union men should retire in peace to their homes after the mill had been surrendered and the non-union men had left. John L. Stevens was held a prisoner for some time.

F. Rockwood Moore of Spokane, said he was told by a committee of union men that the concentrator was loaded with dynamite and would be blown up if the union men's demands were not complied with. Both Moore and McAuley said they saw all defendants under charge armed at Wardner on that occasion, and with this evidence the prosecution rested and the court took a recess until 2 p. m.

This afternoon the defense introduced a motion to discharge all the defendants on the ground that they were not formally charged with contempt. The motion was overruled, and Judge Beatty held the following:

Thomas O'Brien, Thomas Henry (president of the Mullan union), F. Deane and Edward Boyce. He announced that he would sentence them to-morrow evening. They will probably receive the same punishment as those in the Frisco cases, Quinn Sullivan and David Cosgriff were discharged.

CAUSED LITTLE SURPRISE.

Reception of the News From Boise in the *Coeur d'Alene*.

Special Dispatch to the Standard.

WALLACE, Idaho, Aug. 12.—The whole *Coeur d'Alene* country is in a dead calm with no probability of anything to break the monotony of the situation. The decision of Judge Beatty in the contempt cases caused but little surprise or comment.

Superintendent Brimson, Roadmaster Gogarty and Colonel Ramsey of Missoula are in town to-night.

Shot His Father and Sister.

CARMICHAELS, Pa., Aug. 12.—Thomas Morgan fatally shot his father and sister yesterday afternoon. The father, John Morgan, was about to be remarried and the son protested. The father was obdurate, when the son drew a revolver and fired. Instead of striking his father the ball struck his sister Callie, inflicting a probably fatal wound. The father fled, but he was followed him to a vacant house, where he shot him six times. The son is at large.

Another for Old Chris.

NEW YORK, Aug. 12.—A cable has been received stating that the Italian vessel *Garigliano* sailed today from Genoa for New York, carrying the monument of Christopher Columbus.

FINISHING TOUCHES.

The Knights Going Home After Being Royally Entertained at Denver.

DENVER, Aug. 12.—Knights are leaving town to-day rapidly, enough remaining, however, to make the city extremely lively. The following commanderies among others left to-day: Montana No. 3 of Butte; California No. 1; Demolay of Washington.

Many residents kept open house to-night and the knights were entertained royally. A very large number visited Manitou, Pike's Peak and other points of interest. To-night the triennial committee tendered an elegant banquet to the officers of the grand encampment. More than 350 knights were present. During the festivities Sir Knight M. C. F. Patten of Salem, Oregon, presented Grand Master Gobin with a gavel made from Oregon oak and in the center of it the form of a Maltese cross. The oak is a solid block taken from the tree just as it grew, and the cross formation was the work of nature.

The Knights Templars' grand encampment finished the work of the 25th triennial convocation and adjourned to-day, after having installed the newly elected officers. Grand Master McCurdy made the following additional appointments, which, with the officers elected yesterday, make up the full list of officers of the grand encampment: Sir Rev. Joseph McGrath, D. D., Illinois, prelate; Sir William B. Melish, Ohio, grand standard bearer; Sir George C. Connor, Tennessee, grand sword bearer; Sir H. M. Orahod, Colorado, grand warden; Sir John A. Sloan, Missouri, grand captain of the guard. The grand master also appointed a committee on jurisprudence.

CALLED FOR THE SKELETON.

Chinamen Who Say It Is Probably That of a Murdered Man.

Special Dispatch to the Standard.

GREAT FALLS, Mont., Aug. 12.—A box which has been stored in the Montana Stage company's warehouse for the past three years for prepayment of charges, and which, a few days ago, was accidentally found to contain the skeleton of a Chinaman, was called for by Ning, Young & Co. of San Francisco, to whom it was addressed, yesterday. The agent of the stage company received the following letter:

SAN FRANCISCO, Aug. 6.
To the Agent of the Company, Montana Stage Company, Great Falls, Cascade County, Mont.:
DEAR FRIEND—I heard your storehouse had some Chinese skeleton buried in it, and I thought it belongs to Ning, Young & Co., the advertisement said. I wish you would please find the right address and so tell any one of our Chinese and have it sent for your company, and I am much obliged for your kindness, but before we live at No. 124 Commercial street, now removed to No. 25 Waverly place, San Francisco. Yours sincerely friend, agent of Ning, Young & Co.

The stage company's old way bills show that the box was from Livingston Aug. 15, 1889, to San Francisco and charges prepaid to Great Falls. Besides the address on the box was some Chinese characters, which the Chinaman translated today. He says the box was intended for the "Hlop Wo society, San Francisco," and that the man was probably murdered, as the name of the shipper is not given. The agent of the stage company has taken the matter up with the agent at Livingston in the hopes of finding out the shipper.

FRICK FEELS NERVOUS.

The Force of Detectives Doubled in Anticipation of More Anarchists.

PITTSBURGH, Aug. 12.—The Amalgamated association officials are distributing a circular appealing to workmen in the iron establishments of Pittsburgh and elsewhere to boycott material that comes from the Carnegie mills.

A sensational rumor to the effect that Frick had resigned the chairmanship of the Carnegie company was promptly denied by that gentleman. The report that Frick will be again in danger from anarchists seems to be credited by Frick as well as Carnegie officials and police authorities. The force of detectives has been more than doubled at the office of the company, and every one visiting there, unless well known to the officers on duty, is subject to strict scrutiny and has to run a gauntlet of inquisitive and investigating eyes.

The calkers and carpenters at the Church boat yards, Hazelwood, struck to-day against handling girders manufactured at the Carnegie mills. The rumor has been going around for two days that the Duquesne men were dissatisfied and coming out again. The story cannot be confirmed. Important developments are looked for at the Union mills within 24 hours, but just what they will be is unknown. Some say the strikers are getting ready to work at the company's terms, but this is indignantly denied.

The executive board of the American Federation of Labor met here to-day. After an all-day session it was decided not to boycott the Carnegie products at present. The reason for this is because the firm is not turning out enough material to justify a boycott. Should it be necessary in the future to order a boycott the board will not hesitate to do so.

PITTSBURGH, Aug. 12.—The Allegheny county democratic leaders propose to place in nomination for congress in the 24th Pittsburgh district William Welles, president of the Amalgamated association, to run against John Dalzell, republican candidate. Hugh O'Donnell is to run for the assembly on the democratic ticket in the same district.

Arabs on the Warpath.

BRUSSELS, Aug. 12.—The Independence *Belge* says 20 agents of a Katanga company have been killed or captured by Arabs on the Upper Congo. The steamer *Beemate*, which was taking goods up the river, was seized and factories razed. All the tribes on the western bank are in an insurrection. The Arabs northwest of Nyangwe have gone down the Lulaba river and captured the station at Robariba, killing the whites employed there. The stations on the Upper Lomami have also been destroyed. The Arabs at Stanley Falls and Isangi, hitherto loyal, are showing hostility. The Congo state authorities are sending reinforcements.

Chairman of the Stamp Committee.

NEW YORK, Aug. 12.—Hon. B. B. Smalley of Vermont has been made chairman of the democratic committee having charge of the speakers in the national campaign.

THE QUEEN'S DISQUIETUDE

Gladstone Has Seen His Wood, but for the Sake of Official Courtesy He Still Keeps Mum.

[Copyright 1892 by New York Associated Press.]

LONDON, Aug. 12.—Gladstone will go to the Osborne house Monday with a complete list of the next cabinet to submit to the queen, but in pursuance of constitutional usage he maintains absolute silence on the proposed appointments. It is impossible to conceal arrangements made for Sir William Vernon Harcourt as the exchequer, and for John Morley as Irish secretary, but Gladstone's intentions regarding the other ministers are not known. Being a punctilious observer of official precedent, he will not formally offer a place to any one until he actually receives the queen's commands to form a ministry. Among the most striking reports given credence in official quarters is one to the effect that Lord Herschell will become governor general of India; that Lord Chief Justice Colclough will become lord chancellor, and Sir Charles Russell will become lord chief justice.

Lord Herschell's transference will cause a shudder of apprehension throughout the country in view of the critical position of the Indian-Russian relations. Until Tuesday, when Gladstone will return from the Osborne house, the exact composition of his cabinet will remain unknown. It is known in court circles that it is the fear regarding the personnel of the Gladstone ministry that mainly induced the queen to consult the Duke of Devonshire during his visit to the Osborne house as to whether it is possible for him to reunite with Gladstone and sweeten the liberal ministry by taking office himself.

Another source of the queen's disquietude is that a change in the royal household appointments is inevitable on Gladstone's accession to power. Gladstone will find it exceedingly difficult to get persons agreeable to the queen to fill the great court offices. The house of commons will resume business on Thursday next, mainly to issue writs for the reelection of the ministers. The prorogation of parliament is expected to take place Aug. 22.

Arrangements for the meeting of the international monetary conference are progressing. Mr. Currie of the banking firm of Glynn, Mills, Currie & Co. is the strongest man appointed by the English. He has no tendency whatever to bimetalism, on the contrary he is sound for a single standard. His influence will overrule any inclination of his co-delegates towards an arrangement satisfying America. Of the other delegates, Sir C. W. Freeman is a monometallist, Sir W. H. Houldsworth and General Strachey bimetalists and Mr. Murray, who is treasury clerk, neutral. The members of the conference will have a pleasant time in Dresden, but will effect little.

LONDON, Aug. 12.—The members of the cabinet met at noon to-day and formally agreed to resign. Most of the ministers will leave town to-day. This afternoon Salisbury left on a special train for Portsmouth, whence he will embark for Isle of Wight. His destination is the Osborne house, where he will tender to the queen the resignation of the conservative ministry.

The *Daily Chronicle*, liberal, says: "The single effective point Chamberlain made in his speech was that Gladstone will hold office for six months without defining his policy. Had an autumn session been conceded, as we advised, Chamberlain must have cut from his speech all of its most damaging passages. Until the new ministry meets the house at the next session no man dare say it is seated firmly enough to govern the country with authority and vigor. Until Gladstone brings his home rule measure forward it would be idle to ignore the fact that his majority is heterogeneous."

The *Full Moll Gazette* (liberal) says: "Gladstone's triumph is Parnell's also. Twenty years ago Parnell had not even entered parliament. Before he died he had converted nine out of ten Irishmen against revolutionary methods. The effect of division is irrevocable. Difficulties and delays in home rule there may be, but its final adoption is now inevitable."

The *St. James Gazette* (conservative), under the caption "Leaping in Darkness," says: "The government was elected by a majority simply going it blind for the grand old man and a half understood idea. If the disaster results in increased taxation, malignant bickerings with France, disgraceful retreat from Egypt, an open break with Russia in Central Asia and renewed outrages and riotings in Ireland, the country has itself to thank."

Another Monometallist Coming.

LONDON, Aug. 12.—The associated press has been authorized to state that the new liberal government is likely to add one delegate, a prominent monometallist, to the delegation announced by Lord Salisbury yesterday to represent Great Britain at the international monetary conference. The appointments announced are considered unsatisfactory. Sir H. Houldsworth is an ardent bimetalist, and Mr. Currie, who is a member of the council to India, also has a leaning to bimetalism. Sir C. W. Freeman was nominated solely on account of his official position in the mint and will take no active part in the conference.

Neck and Neck.

HOUSTON, Texas, Aug. 12.—H. McGee, colored, was hanged for the murder of Officer George Fenn while resisting arrest on March 14, 1891.

LITTLE ROCK, Ark., Aug. 12.—John Dobson, colored, was hanged to-day for killing his mistress in 1890.

Stoner Will Be a Cardinal.

LONDON, Aug. 12.—A dispatch to the *Chronicle* says Mr. Stoner will be made a cardinal at the coming papal consistory.

OFFICERS OF THE SONS.

Beautiful Thingsumbers Set With Montana Sapphires Presented to Big Guns.

Special Dispatch to the Standard.

HELENA, Mont., Aug. 12.—After a week's session the Sons of Veterans adjourned to-day to meet in Cincinnati next year. The following officers were elected: Marvin E. Hall, of Michigan, commander in chief; senior vice commander—George A. Pollitt of New Jersey; junior vice commander—John R. Miller of Helena. The commander-in-chief council elected are: J. V. B. Clarkson, of New York city, formerly quartermaster general; C. H. Kochersberger of Philadelphia; H. W. Wessel, of Litchfield, Conn., formerly of the advisory board S. V. guards.

After the installation, Commander-in-Chief Hall announced the following appointments on his staff: surgeon-general, Dr. L. Wilcox of New York; inspector general, Henry Frazee, of Cleveland; chaplain, Rev. Dr. McCauley, of Minneapolis; adjutant general, B. Lyons, of Hillsdale, Mich. The retiring commander-in-chief, Barlow S. Weeks, of New York, was presented with a magnificent past commander-in-chief badge of gold studded with diamonds and garnets. A silver tablet set with Montana sapphires, and on which is engraved the invitation of the City of Helena to hold the eleventh annual encampment, was also presented by the commander-in-chief to Past Commander Weeks.

The following officers were elected by the Ladies' National Aid society: Belle Gray of Idaho, president; Katherine Holden of Helena, vice president. Council—Chairman, Mrs. Mason of Ohio; Miss Parker of South Dakota, Miss Taffe of Kansas, Miss Shannon of Pennsylvania. The president announced the following appointments: Chief of staff, Mrs. Burton of Butte; chaplain in chief, Mrs. A. P. Davis of Pittsburgh; mustering officer, Miss McElwain of St. Louis. Other appointments will be announced later. A beautiful gavel, made of native cedar, gold, silver and sapphires was presented to the National Ladies Aid society by the Women's Relief Corps of Helena. Twenty-four hours previous to the presentation the cedar was growing on Mount Helena and the precious metals and the sapphires were in a jeweler's store. The Ladies' Aid society adjourned sine die yesterday. A number of the members will leave to-day for a trip through the National park. The crack drill company from Spokane which took the \$1,000 prize, goes to Butte to-morrow to give an exhibition drill.

HE MISSED IT.

A Missoula Man Aims at His Heart and Shoots Into His Lung.

MISSOULA, Aug. 12.—Shortly after 6 o'clock to-night John Brunner attempted to commit suicide by shooting himself through the heart. He was not entirely successful but is likely to die before midnight. For some time he had been porter of the Wagner block and had charge of the renting of the rooms upstairs. He has been more or less drunk for the past two days. To-day Joe Wagner, proprietor of the block, asked him for about \$50 rent he had collected. He said he was short about \$5, but would get the money and pay him in a few minutes. Shortly afterwards Wagner heard a shot, and an examination disclosed Brunner in the water closet of the block with a bad wound made by a .38-calibre revolver. He was taken into another room and Dr. Hansen summoned.

The doctor found that the ball had entered near the heart, had struck a rib, gone downwards through one lung and had lodged in a rib on the right side of the spine. He got hold of the ball three times with an instrument, but could not get it out. Brunner is about 34 years old and unmarried.

MR. BREEN'S ARREST.

Action Taken by the Granite Miners' Union.

GRANITE, Aug. 11.—The following resolutions have been adopted by the Granite Miners' union:

WHEREAS, The arrest of Peter Breen, one of the most active members of the Butte Miners' union, is an insult to our intelligence and was instigated through malice of the Mine Owners' association, a combination formed for the purpose of disrupting organized labor and establishing a rule of tyranny in the *Coeur d'Alene*; therefore, be it

Resolved, That we denounce the action of this organized monopoly in having Brother Breen arrested as one of the most malicious and cowardly actions ever resorted to for the purpose of lowering the dignity of American labor and depriving a citizen of his liberty and reputation.

Resolved, That we tender Brother Breen our moral and financial support in this cause of right and justice against tyranny and oppression; and, be it further

Resolved, That a copy of these resolutions be spread on our minutes and a copy be given the press for publication.

FROM GREAT FALLS.

Newspaper Men Attending the Conventions to Be Well Entertained.

Special Dispatch to the Standard.

GREAT FALLS, Aug. 12.—It is reported on good authority that Mr. Scott is to be appointed manager of the Great Falls Townsite company in place of J. A. Bookwalter, who has been released by J. J. Hill.

Linbridge S. Clark of Choteau had a stroke of paralysis to-day. Dr. Newman of this city was set for. It is now reported Mr. Clark's chances of recovery are very slight.

At a meeting of the newspaper men of Great Falls, held last evening, H. P. Rolfe, O. M. Holmes, A. Barethier and Mr. Cooley were appointed a committee to look after the newspaper men at the coming conventions. Messrs. Bowie, Bole and Holmes were appointed a committee to look after reporter accommodations at the opera house for press reporters.

Young Miss Sitting Bull Weds.

ROXBURY, N. Y., Aug. 12.—A daughter of Sitting Bull and Peter Markel, formerly of the United States army, were married here to-day. Markel served with Custer for a long while, and it is reported his bride once saved his life when he was attacked by Indians.

Spoiled Harrison's Fishing Trip.

LOON LAKE, N. Y., Aug. 12.—President Harrison's fishing trip to-day was postponed on account of rain. The president did not take his usual daily drive but remained at the cottage with Mrs. Harrison.

ALVIN'S THREE FAST HEATS

Death of the Trotting Stallion Henry Noble—Yesterday's Races at Brighton Beach, St. Paul and Elsewhere.

GRAND RAPIDS, Mich., Aug. 12.—On a fast track at Constock park to-day Flying Jib, 2:10½, astonished 10,000 spectators by pacing a mile in 2:08½, only a quarter of a second slower than Hal Pointer's Buffalo record, and half a second better than Nancy Hanks did yesterday. He went the mile so smoothly that his speed was not noticed, but the crowd went wild and gave him an ovation when the time was announced. The quarters were made in 33, 1:05½, 1:37¼, 2:08½.

In the \$10,000 stallion race Alvin made the three fastest heats ever gone in any free-for-all stallion race and chipped one-fourth of a second off his record in the last two heats. Time, 2:15¼, 2:14¼, 2:14½.

The 2:27 trot Magnolia, with a record of 2:29½, won, going a mile in 2:18½. The trotting stallion Harry Noble, owned by W. S. Kirby & Co., died to-day of heart disease. The horse had a record of 2:17½ and was valued at \$30,000.

THE GRANTSDALE MURDER.

Pangburn Was Willing to Marry the Girl, But Allen Said No.

Special Dispatch to the Standard.

MISSOULA, Aug. 12.—The remains of George M. Pangburn were brought down here from Grantsdale this morning to be shipped East. Justice Steele held an inquest at Grantsdale yesterday. No facts of particular interest were developed. It appears almost certain that Allen is insane, as at times he refused to consent to Pangburn's marrying his daughter, although Pangburn was the father of her unborn child. A man who came from Grantsdale this morning says that Pangburn was willing to marry the girl. Allen is having a preliminary examination before Justice Jones of Corvallis.

Robbed of \$950.

Special Dispatch to the Standard.

GREAT FALLS, Aug. 12.—A German whose name could not be learned on account of his inability to speak English, was robbed of \$950 about 10 o'clock last night near the freight depot on his way home with his wife and little boy. Two men suddenly sprang on him and after knocking him down one held him while the other took the pocketbook from his inside pocket. As the robbers started to run the German sprang to his feet, pulled a revolver and fired four shots. One of the robbers fell but as he got up and started again it is thought he was not hurt.

Met on that Beautiful Shore.
